

# QUALITY POLICY

**Al Obaidani International LLC** will manufacture and sell apparels & garments with an objective to provide high quality products and customer service to our customers.

It is our endeavor to innovate, modernize & technologically upgrade facilities and resources to meet the ever-changing market needs & achieve international standards of excellence in quality of apparels/ garments.

We will ensure identification of potential risks & opportunities and take applicable corrective/preventive actions by involving & providing staff/interested parties timely communication for effective management system/business operations as an ongoing activity and strive for continual improvement.

We will meet the policy intent through following stated objectives which forms the framework for business goals & management system targets-

- Establish market leadership by providing new, innovative product/services, technical leadership & business solutions.
- Ensure to address risk & opportunities by taking appropriate correction & corrective actions without undue delay;
- Ensure communication, awareness of policies and procedures to staff & interested parties.
- Identify and meet the legal, operational, statutory & regulatory requirements.
- Reduce customer complaints & increase satisfaction.
- Develop cost efficient strategy to increase the value we deliver to our clients;
- Monitor, measure & analyze operational performance through planned inspections.

The policy is approved by the management & shall be reviewed for continuing suitability on periodic basis.
